WE DESIGN SUCCESS

INK Events - The Journey to Great Results

INK is driven by a team of passionate experts with more than 10 years of experience in the fields of marketing, events and exhibitions design, management and production. In a very short time, we were able to distinguish ourselves from other agencies with our comprehensive service offerings, situation analysis and high quality of deliverables. We are in the business of infusing meanings. We don't just churn out projects one after the other or implement shallow designs. We place your needs and goals first. Only after absorbing your corporate culture, thoroughly understand your strategic and tactical requirements, we create products, services and experiences that address your goals and engage your target audience.

We are passionate about success. For us, it's not a condition, but a given. We create solutions with key success indicators in mind. Creativity should sell and we make sure the solutions we design directly support your business targets. We go to great lengths to make sure each project is born of meticulous research that transforms ideas into insights and analysis into strategy, so that we design not only form, but also substance.
